## Year Seven 2021 Enrolment at Geelong High School Information

Families will now be aware that the Geelong High School Information Evening has had to be cancelled as a result of the current pandemic. To ensure that families have as much information as possible to enable them to make the best decision for their child, we have produced a film which highlights what the school has to offer.

You will find this on our web page when it first opens:  
<https://www.geelonghigh.vic.edu.au/new/home>

The \$24 million refurbishment/building program is now completed and we have quality facilities which cater for 21<sup>st</sup> Century learning, in a stunning landscaped environment.

Remember, that you are guaranteed a place at your neighbourhood school, but we enrol students from around 40 different primary schools and from all areas of Geelong. You don't have to be in our neighbourhood to enrol at Geelong High School. If you would like to enrol at Geelong High School ensure that you list us as your first preference.

If you would like to speak with someone, please ring the school on 5225 4100 and ask to speak to Ken Stewart who is the Assistant Principal responsible for Student Transition and Wellbeing. You may also email Ken at [Kenneth.Stewart@education.vic.gov.au](mailto:Kenneth.Stewart@education.vic.gov.au)
