

Media Arts Year 5

Comic Strip

Week 4

Project: Over the next four weeks we will be working through our Media Arts Project. This involves creating your own **comic strip**. For now let's begin exploring what comic strips look like and some of their features.

Activity: Research comic strips

How are they set out? How is the story developing throughout the comic strip?

Create your own comic strip using the theme of **Superheroes**.

Think about your character positions and how it shows who has power. (Tip: think back to last year and your character poses for your year 4 Media Art Project).

- Step 1: Write your **ideas** for your **comic**. A **comic strip** is no different from writing a short story. ...
- Step 2: Draw six-frames. On a new piece of plain paper, draw your three frames using a pencil and a ruler or you can do this by folding your paper.
- Step 3: Use basic shapes to draw. ...
- Step 4: Add in the speech and lettering. ...
- Step 6: Go over your **comic** in pen.
