

How to make scrunchies

Materials

- Material for the tube
- Elastic
- Sewing machine and a needle and thread
- Ruler or measuring tape
- Scissors

Method

1. Firstly, lay out your material use the measuring tape to measure out 20cm in length and 6cm in width of material.
2. Secondly, cut out the length of the material which is 20cm in length and 6cm in width.
3. Thirdly, use the sewing machine to sew the ends/edges of the material together.
4. Then you can measure the elastic to 15cm and then cut it out.
5. Attach a safety pinto the end of the elastic.
6. After attaching the elastic you can thread the safety pin through the material of tube until it is through and at the other end.
7. Grip both ends of the elastic and overlap one over the other.
8. Sew both ends of elastic together using the needle and thread.
9. Lastly, sew the two ends of the material together with the needle and thread.
10. Then you can wear your scrunchies HOORAY!!!!!!
