

How do Characters React in Stories?

Choose your starting point:

Succeed: I can match words to a character's reaction to an event.

Exceed: I can write a sentence to describe a character's reaction to an event.

Double Exceed: I can write a sentence to describe a character's reaction to an event and use *because* to explain the reaction.

The witch

The dragon

The green bird

You could choose one of these feelings or think of your own words:

proud	delighted
excited	pleased
happy	fierce
fed-up	cross
relieved	

The cat

The witch

All of the creatures
