

Remote Learning - Prep - Week 4

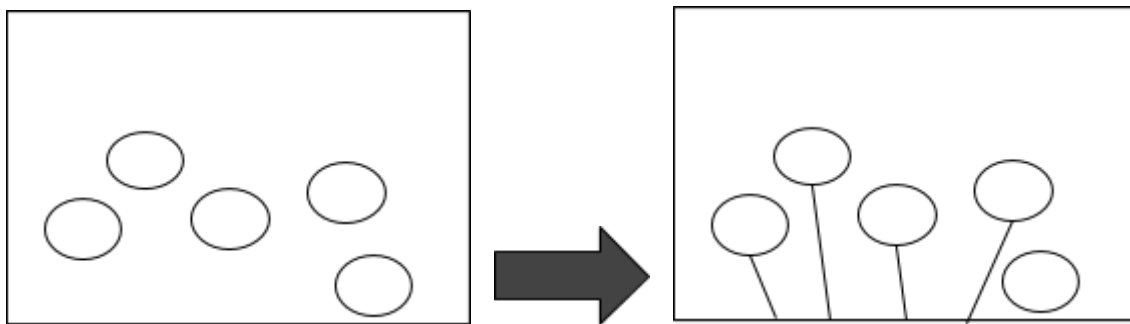

Busy Bees!

For art this week we are going to create a busy bee picture. Busy bees like to buzz around flowers and gardens so we need to start by creating our setting. Follow the steps below to help you.

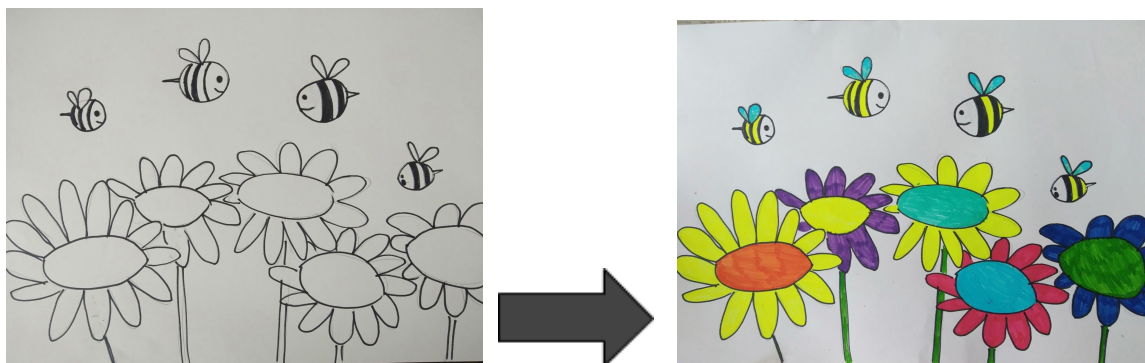

You will need:

- A blank piece of paper
- A greylead pencil
- Some coloured pencils or textas

To start your garden draw 5 medium sized circles on your page and add in their stems. Look at the picture below for help

Next you can add some petals to your flowers and begin to draw in your bee bodies and wings see the below picture for help. Carefully colour in your picture using bright colours.

If you would like an extra activity this week have a look at the below link for how to make caterpillars for caterpillar races!
