

PRIME*Sci!*

SPRING 2020 ONLINE SCHOOL HOLIDAY SCIENCE WORKSHOPS

PrimeSCI! is now providing live-streamed hands-on science workshops for primary school-aged children.

Bend Stretch and Twist (Prep – Grade 2)

Become a Material Scientist to learn about the different properties of ordinary and amazing materials.

Mix and Unmix (Prep – Grade 2) NEW!!

This delightful hands-on session will draw children into the world of chemistry and engineering as they explore the phenomena of dissolving, crystallisation, and make colourful discoveries with materials sourced from around the house.

Sound and Light (Prep - Grade 2) NEW!!

This activity-filled and noisy session is designed to help children discover for themselves the fundamentals of sound and light as they manipulate these two energies.

Our Blue Marble (Prep - Grade 3)

Explore how planet Earth's temperature, atmosphere and water cycle make it ideal for supporting life.

States of Matter (Grades 3 - 4)

Solids, liquids and gases, and we introduce two other states of matter! Enter the world of atoms and molecules and find out more about the world we live in.

Hot! Hot! (Grades 3 - 6) NEW!!

Big ideas like conduction, convection and radiation are learnt through play as children uncover the heat in everyday things like keeping doors closed, wearing jumpers, and hot air balloons.

The Unseen World (Grades 3 - 6)

Explore the incredible world of microbes (and viruses), the impact they have on our everyday life.

Forces in Motion (Grades 3 - 6)

This fast-paced session will frame student understanding of forces and how they interact. Learn the role of gravity, friction and magnetism in making objects move.

Plastic Fantastic (Grades 5 - 6)

Explore the world of plastics! Make your own slime, test the properties of certain plastics and discover more about these useful materials.

Wonderful Waterways (Prep - Grade 6)

Discover the hidden life in our creeks and rivers. Learn about the simple things we can all do to keep our freshwater habitats healthy.

BOOK YOUR SCHOOL HOLIDAY SCIENCE WORKSHOP NOW!

Monday Sept. 21 - Friday Oct. 3

WORKSHOP COSTS & DETAILS

Our new online and interactive PrimeSCI! Science Workshops will be delivered live via **Zoom**. The workshops are full of hands-on activities and are scheduled to run for a minimum of 40 minutes, followed by an opportunity for a Q&A session between PrimeSCI! presenters and participating children.

Enrolment Fee per Family: \$10.00
(plus \$0.50 Trybooking Fee)

Registered families will receive an information pack within 24 hours with lesson details, Zoom instructions, and pre- and post-session activities.

PLEASE NOTE: Your child's privacy and internet safety is important to us.
Children will only be able to view our presenters, with all other participant video and audio muted.

SPRING 2020 ONLINE SCHOOL HOLIDAY SCIENCE WORKSHOPS

PrimeSCI! is now providing live-streamed hands-on science workshops for primary school-aged children.

WEEK ONE	11AM SESSIONS
Monday 21st September	States of Matter (Grades 3 - 4)
Tuesday 22nd September	Bend Stretch and Twist (Prep - Grade 2)
Wednesday 23rd September	Plastic Fantastic (Grades 5 - 6)
Thursday 24th September	Mix and Unmix (Prep - Grade 2) NEW!!
Friday 25th September	The Unseen World (Grades 3 - 6)
WEEK TWO	11AM SESSIONS
Monday 28th September	Sound and Light (Prep - Grade 2) NEW!!
Tuesday 29th September	Our Blue Marble (Prep - Grade 3)
Wednesday 30th September	Wonderful Waterways (Prep - Grade 6)
Thursday 1st October	Hot! Hot! (Grades 3 - 6) NEW!!
Friday 2nd October	Forces in Motion (Grades 3 - 6)
